September 29, 2022

Dear Staff and Families of the MTSD Community,

We are one week away from our Bond Referendum Vote! You can feel the anticipation within our schools and community.

As you know, in combination with next week's referendum vote, we are also kicking off the celebration of our 20th Year Birthday Celebration of MTES with some Food Truck Fun!

**~ We will have backyard games, music and food trucks on  
Thursday, October 6th from 3pm-7pm in the MTES front parking lot ~**

If you are traveling on your way home from school/work, heading out to vote or going to an afternoon/evening sport activity, please stop by our Food Trucks. It should be a great time! In addition to our local Smilie's Ice Cream Truck, please take a look below at the menus of the additional food trucks we will have for our celebration.

[The Little Sicilian Food Truck](#)

[Red's Rolling Restaurant](#)

I realize you have been flooded with emails, texts and posts on social media, however, we cannot underestimate how important each vote is in any election, big or small.

**~ Voting will take place between 3pm-8pm at your voting locations ~**

Following voter approval of our bond referendum, our district would move forward with:

- Creating security vestibules at both Mansfield Township Elementary School and John Hydock Elementary School.
- Replacing all shingle roofing at Mansfield Elementary to replace the current roofing that has led to leaks and mold; both of which have disrupted teaching and learning.
- Heating and cooling pumps would be added to the emergency generator circuit at MTES.
- Replacing a 35 year old generator at JHES.

My thanks to each one of you for your attention and your interest in our bond proposal. Please do not hesitate to reach out if you have any questions and I hope to see you for some Food Truck Fun!

Sincerely,

Tiffany J. Moutis  
Superintendent
