

Mansfield Township School District

Board of Education Monthly Meeting Minutes

February 16, 2022

I. Meeting Started 6:38pm

Open Public Meeting Statement

The New Jersey Open Public Meetings Law enacted to insure the right of the public to have advance notice of and to attend the meetings of the public bodies at which any business affecting their interest is discussed or acted upon. In accordance with the provisions of the Act, the Mansfield Township Board of Education has caused notice of this meeting to be published by having the date, time and place thereof communicated to the Burlington County Times, and under the emergency regulations by providing electronic notice in lieu of the traditional "adequate notice" of notifying the newspaper.

At times, it may appear to members of our audience that the board of education takes action with very little, if any, comment and, in many cases, a unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter and is satisfied that it is ready to be presented to the board of education. The matter may have been previously discussed at the work session meeting. Board members preview the agenda items and discuss questionable items with the Superintendent or Business Administrator so that when they attend the meeting, there is usually no further need to question the issue. Only then is it voted upon as an action item at a public meeting.

III. Public Comment

The Board of Education recognizes the value of public comment on educational issues and the importance of providing an opportunity to the public to express themselves on school-related matters of concern to the residents of Mansfield Township. To allow for a fair and orderly public comment period and in accordance with Board Policy no. 1120, individual comments are limited to three minutes and the total time for the public comment session will be thirty minutes. To protect the privacy of all students and staff, concerns regarding individual students and staff members should generally be addressed by first meeting with the appropriate administrative staff.

Aaron Zelins - 15 Hickory Drive - Supports optional masking. Comments on "going rogue", districts should proceed with what is best for the child, not what guidelines state and feels they have discredited themselves (Dept of Health). Has produced reports based on Covid-19 information provided by the District and states that there were no close contact cases produced within the school. Named other districts who are now moving forward from quarantining and close contact.

Janice Ellins - 15 Hickory Drive- states that it has been two years since Covid 19 has impacted the classrooms. Restrictions and mandates have damaged the development of social and other life skills developed at school. States that there are risks with this virus but there are risks in many other areas as well, cancer, drowning, driving, the flu. Burlington County had 0 deaths from ages 18 and below. It's time to change things for the better for the children. Asked District to reconsider the masking, distancing and quarantining

Natalie Ellins - 15 Hickory Drive - It's been 23 months since she had a normal school day and she is sick of all the requirements that come along with Covid 19. Says that masks are only hurting children and their education and provided examples of this. Believes people are entitled to wear a mask if they wish but she does not

Allison Clemens - 1123 Jacksonville Hedding Road, Bordentown - time to get rid of masks and give parents the choice. Plenty of studies completed that show that masks do very little to protect from Covid 19. Masks are impacting learning and growth of children and most students are engaging in social events outside of school without them so it makes no sense.

Kiley Clemens - 1123 Jacksonville Hedding Road, Bordentown - Students haven't been able to see faces in two years and social distancing prevents them from socializing and is taking away from their development. Being indoors prevented them from speaking to each other and engaging with each other.

Matt Anton - Congratulates everyone here for their earned power and continues to state that if you always follow others, you are never leading. Provided examples of how this hurts the district. States how not everyone believes in the older version of beliefs and that the public will not support those who do not are actually representing

Jessie Sowden - 3 Grant Court - Comments on the mental health of the students and how Covid 19 is impacting them. It is now time to move forward.

Gina Heil - 29 Coventry Terrace - With state wide mask mandate she asks the District to be mask-optional and quotes the Governor believing it is time to get back to some normalcy.

Anthony Gervasi - 3 Durham Drive - Appreciate all the hard work of teachers at Mansfield. Requests masks be optional and provided facts about Covid 19. States that masks prevents students from seeing emotions of others and that is important in development. There should be no separation between the vaccinated and unvaccinated.

IV. Correspondence

Recognition from the Susan G. Komen organization in regards to the District's monetary gift of \$375.

Appreciation letter for participants of County Crisis Team from the Burlington County Special Services School District, Institute of Technology recognizing Christa Edolo, Angela Stewart, and Jason Shainline.

The Board Attorney presented Board Members with a Nonrenewal Flow Chart and explained the process of nonrenewing employees.

XI. Public Comment

Aaron Zelins - 15 Hickory Drive - States that he does his homework and hopes the BOE does as well. He notes that he hears a lot of feelings and not facts from the members, and he has done more research than the Department of Health. He believes they have no data. Continues that the Board of Health is negligent, "we have no expectation to follow their guidance", and that the district needs to follow the data. He believes just dipping toes into making changes is not significant enough and is hurting the children more.

Angela and Bryan Reading - 331 Monmouth Road, North Hanover - Ms. Reading states that she is speaking as an advocate for the students. She continued to say that the quarantining guidelines are only recommendations and are not mandatory. Ms. Reading proceeded that school districts are quarantining large numbers of students without evidence of contacting Covid 19 in the schools.

Allison Clemens - 1123 Jacksonville Hedding Road, Bordentown - Ms. Clemens mentioned that she is in favor of omitting the quarantining and that the kids need to be able to socialize. She said, "It's crucial".
